If your application is missing any required information, you will be notified by email. You can upload the necessary documents through your portal or respond directly to the email, depending on what is missing.

2. HOW DO I VERIFY MY INCOME?

We accept a variety of income verification methods:

- Linking your bank account (fastest method!)
- Uploading your three most recent pay stubs as separate PDFs
- Providing a clear PDF of your 1099 or W-2 tax form
- Linking payroll, if applicable

3. CAN I SUBMIT MY DOCUMENTS VIA EMAIL INSTEAD OF THE PORTAL?

We require that all income and asset documents be submitted through your online portal for efficient processing. However, offer letters must be submitted via email and must meet our criteria (official letter on company letterhead, signed, and dated within 30 days). For all other documents, please upload them through the portal in PDF format and ensure they are properly labeled. Documents that are mislabeled will not be accepted.

4. I SUBMITTED INCOME DOCUMENTS, BUT I RECEIVED A MESSAGE THAT THEY COULD NOT BE VERIFIED. WHAT SHOULD I DO?

If your documents cannot be verified, it's usually due to formatting or incorrect labeling. If the issue persists after resubmitting the correct formats, we will request a different method of verification.

5. I SUBMITTED INCOME DOCUMENTS, BUT I RECEIVED A MESSAGE THAT THEY COULD NOT BE ACCEPTED. WHAT SHOULD I DO?

If your documents were not accepted, it may be due to missing information required for verification. Please try submitting an alternative verification method, such as linking a bank account, providing pay stubs, or uploading a tax form.

6. CAN I ADD A GUARANTOR TO MY APPLICATION?

Yes, if your income doesn't meet the requirements, you can add a guarantor. The guarantor must meet our credit and income qualifications. You can add a guarantor through your application portal or provide their full name and email to have an invitation sent to their email.

7. HOW DO I VERIFY MY IDENTITY?

To verify your identity, you need to enter your personal details and upload a government-issued ID and a real-time selfie. Please make sure the ID photo is clear, the selfie matches your appearance, and the personal information is entered exactly as it appears on your ID. If there are any discrepancies, we will request a retry via email.

8. WHAT DO I DO IF I MISS THE APPLICATION DEADLINE?

If you miss a deadline for submitting documents or completing your application, we will notify you. You may still be able to submit the missing documents or take action, but depending on the timing, your application may have been closed. If your application has exceeded our processing timeframe and was closed, but you are still interested, please reach out within 30 days.
